

FAITH AND EXPECTATION - Part 3.

And when this happens and YOU cannot come out of that darkness of hopelessness, fear holds you in your power and you can no longer escape it, in that particular life. You must be born again in order for the Light of Faith to shine within.

If you believe in something deeply in your life, and at the same time you believe that you can achieve and reach it however if you have within yourself any even, small, tiny bit of self-doubt which is a manifestation of distrust in yourself, you will not be able to fulfil your Faith and then your Faith will turn into Expectation.

And I have already explained to you that there is no Trust as Trust, and in this message, I have explained to you that you cannot distrust yourself and believe in God, nor can you trust yourself and do not believe in God, because in both these cases you cannot fulfil your desires, dreams or resolutions, because in both cases there is distrust. And then in both cases, your Faith turns into Expectations.

AND EXPECTATION is just the instrument of fear that will turn off your LIGHT OF FAITH and you will fall into the darkness of hopelessness.

To prevent this, it is important and necessary that you first restore Trust in yourself and in God and also restore your Faith in yourself and in God, because one without the other does not exist. And this is precisely because you are my integral part, just as every cell of your body is an integral part of yourself.

And here the Law applies: both up and down, so in large as in small, and both inside and out. And in this case, you probably better understand this law in small, because you realize that every single cell of your body is your integral part, but when it is like this in small, it's the same in big, so every one of you is my integral part.

Again came the wonderful warm energy, that overwhelmed me.

And just as every single cell in you fulfils its mission through you as a whole human being, as well as YOU as unique individuals, fulfil your mission through ME. And this is FAITH and TRUST.

Every one of your cells has Trust and Faith in itself, and at the same time, it trusts you as well. And that is why you need to restore your Trust and Faith in yourself, while also believing and trusting in ME. It doesn't matter what name you give me if you call me God, Creator, Life, Love, Consciousness, or the Universe, but you need to ANCHOR the FAITH and TRUST in higher principles within you, and I emphasize ANCHOR, because Love, God, Life, Creator, Knowledge or Universe are the higher principle of BEING.

If at any level of your Being you have distrust, you cannot fulfil your mission, dreams and desires, and then your Faith will turn into Expectation.

And this is another closed circle

And you will find the way out of this circle when you accept again the Light of Faith inside you, which will shine on the way that will lead you out.

And know that the path in which you can dissolve all expectations and replace them again with TRUST and FAITH in yourself, in Love and Life, is the path of FORGIVENESS.

FORGIVENESS is a tool of LOVE that alone can heal and cure all your pain.

That is why I have said many times that FORGIVENESS is a never-ending process. And when you decide and embark on the path of Love in your Lives, Forgiveness will become your integral, indivisible and inseparable part of you.

Forgiveness also dissolves all flaws, all imperfections and all mistakes and turn them again into uniqueness and diversity and helps you unconditionally accept yourself and others.

Question: Yes, it's clear, but how do we do that?

Answer: I have already explained that to you. And I'll tell you again.

COMPASSIONATE LOVE brings you the GIFT of FORGIVENESS.

And you get Compassion as a GIFT when you take RESPONSIBILITY for everything that happens in your life and what comes into life. When you take Responsibility for each of your thoughts, every feeling, every emotion, every word, every decision, every action, because in every single case YOU, YOURSELF create the energy that you materialize into your life.

And that's why YOU alone are responsible for what happens in your life and what comes into your life. And this is because the Law of Conservation of Energy applies here, and it applies throughout the Universe, not just on Mother Earth. And when you realize it deep within you, you will get a COMPASSIONATE LOVE as a GIFT. And it is this COMPASSIONATE LOVE that helps you to forgive and teaches you to forgive yourself and others.

It is unimaginably easy if this Knowledge is part of you. And it is unimaginably difficult for you as human beings if you do not have this Knowledge.

And I return to you, all these Knowledge, precisely because fear has taken it away from you to control and manipulate with you so it can enslave and control this beautiful Being of Love, the Mother Earth, through you. For fear, YOU are all just tools, worthless and replaceable tools that it uses to control, enslave, and gain absolute power over Mother Earth. And so it is.

And this is the fight between good and evil, light and darkness that takes place in the Universe.

And as it happens in you, inside of you, in the small, so it happens in the Universe, in the large.

If you are filled with Love, you also perceive Mother Earth in Love, then you can live in harmony with Mother Earth and fulfil all your needs in such a way that you do not destroy and plunder Mother Earth.

However, the less Light is within you and the more you are manipulated and in the power of fear, the more you are destroying and plundering, in an extremely reckless way, our Mother Earth.

Yet you do not realize that YOURSELF, as human beings, are dependent on Mother Earth and that by your actions you are destroying the conditions for LIFE for yourself. Fear, however, does not care if YOU as human beings can live on Mother Earth. Fear wants to totally control Mother Earth and destroy Life on Earth because Life is light, joy, laughter, cheerfulness, turmoil, the sound of children playing in the meadow, or in water and fear wants silence and darkness.

Did you understand the difference? Yes.

This is duality. Duality applies the same way in the Universe as it does on Earth.

And because the Law of Free Will applies in the Universe equally to everyone, so does it apply for fear. And when fear decided to come to Earth, no power throughout the Universe could stop it.

And therefore you also need to learn and understand how fear works, what tools it uses against you, how it manipulates you, how it controls you, what games it plays with you, in what many ways it can catch you in its traps and power. That is why I give you these Knowledge so that from your subconscious levels you can regain consciousness that you can walk in your Life with Love, so that only your LOVE dwells within your heart, soul and at all levels of consciousness. If the energy of Love would dwell on Mother Earth, there will be no room for fear. Then the fear will go away from this wonderful, magical and beautiful being you call the EARTH. Therefore, strengthen the Love at all levels of your being so that it will be more and more Love on Earth and within you. It is the only way through which you will increase your own energy and vibration and thus increase the vibration of the whole Earth and the fear of this planet then goes away.

Fears vibrations are much lower. These are all low energies, such as anger, hatred, rage, betrayal, envy, resentment, malice, viciousness, bitterness, meanness, but also rejection and humiliation, refusal, judgment, condemnation, criticism, indifference, ruthlessness, recklessness and cruelty, unforgiveness, guilt, but also doubt, unworthiness, failure, desperateness, helplessness and hopelessness. All these feelings and their energy are used by fear to anchor themselves on Earth.

And the opposite is LOVE and all its qualities and shades such as joy, happiness, gratitude, compassion, kindness, tenderness, mercy, forgiveness, understanding, acceptance, reconciliation, humility, respect, tolerance, freedom in love, truth in love, being in Love, justice, faith, hope and trust.

So practise and strengthen Love and its individual qualities in your life so that Love grows in your Lives and on Mother Earth. Then the Mother Earth shines through the energy of Love throughout the Universe, and then Love shines on us and on other beings in the Universe too.

Now notice again and realize how everything is linked together and everything is related to everything. And that is why Trust is not like Trust, and you can already realize how deeply it is linked to your expectations. You cannot separate one from the other and vice versa.

Start to realize it very deeply in your physical life, in physical reality, and then you realize and see how you do harm Mother Earth and at the same time destroy the conditions for your Life here on Earth. And that is the interconnection and link of everything with everything.
