

INITIAL MANIPULATION OF FEAR – Part 5.

And if you get to the point of creating helplessness in yourself, in that particular life you are living, you can no longer return to Love, and with that feeling of helplessness, anger, injustice, unfairness and hatred you are dying.

And these are the energies you bring to your next lives.

In those other lives, however, these energies come from the subconscious level and create patterns of behaviour, and YOU do not even know why you are angry with the Life and others and do not know what you need to fill your heart with COMPASSION to transform these energies through FORGIVENESS into LOVE.

And this is another picture of how manipulation works.

Because it works undercover and you are unable to see it. Thus fear can establish patterns of behaviour, through the energies you create within you. As a result, those patterns affect the lives you live through all ages. Because through these energies that still work, they remain part of your energy bodies until you become conscious again as a being and transform these energies into Love through Forgiveness.

This is because the Law of Conservation of Energy works in the Universe and all the energies that YOU create yourself are still part of you.

And since YOU as human beings are born of the energy of Love, your essence is Love itself, your essence is the vibration of Love, therefore all other energies that have a different vibration than the energy of Love create within you internal pressure, tension and contradiction.

And it creates in you dissatisfaction, rejection, misunderstanding, unforgiveness and feelings of guilt because you are not and cannot be in harmony with yourself, with the soul, with Love as such and you do not understand what is actually happening and why it is happening.

You are not conscious of this, because these energies are stored in your subconscious levels and from there they retroactively influence your Lives, thoughts, words, decisions and deeds.

And now realize that this manipulation, in this hidden way can affect a human being for ages.

And that's why it works undercover not only outwardly in your society, but also works inside yourself, because it can influence you in the next lives.

And this is a consequence of the Cosmic Laws - the Law of Conservation of Energy and the Law both up and down, as in large so in small, as well as inside so it is outside.

And these Cosmic Laws generally apply throughout the universe.

If you know them, you can live life in harmony with their work.

If you do not know them, you act and live against them.

And you are causing yourself pain.

It is important that you realize this and that you understand it.

And this is the manipulation of fear, it takes advantages from your Unawareness and it misuses the Cosmic Laws.

And it was precisely the fear that had taken away all of these Knowledge of the Cosmic Laws.

And fear has taken it consciously, precisely because if you do not understand how these Cosmic Laws work, you create much more pain within you, and fear can foster itself and its actions on Mother Earth.

This is also manipulation.

Realize it.

That is why, as a human society, you insist that your children and people should be educated and able to read and write, so that they cannot be deceived and manipulated so quickly, but you only teach them your law.

But those Universal Laws that apply generally, you have forgotten and neglected them, and many times you have created your own Laws in violation of the Universal Laws, so you teach yourself and your children to act against the Universal Laws.

This was also the conscious intention of fear.

Remember that too.

It's another of his manipulations.

You should create your own laws in your human society in accordance with the Cosmic Laws, because the Cosmic Laws if you are part of them, can understand them consciously, and consciously live them, they are the natural part of your society's MORAL PRINCIPLES.

And answer your own question, where did morality and morals in your society disappear?

How have your society values changed?

How did you change its moral principles?

Are they in accordance with the Cosmic Laws?

And this is another false picture that fear presents you.

And fear has done it deliberately because you have begun to violate the sacred principles of the birth of life through which the Mother Earth is born and renewed in Unity.

And remember this very deeply in yourself.

What you teach your children, what they will see as an example, they will accept as their rules and experience, and they will pass it on to you when you are born to Mother Earth as their descendants.

So HERE and NOW you are creating the conditions in which you will live when you are born to Mother Earth in the following lives as children of your children.

And your RESPECT for LIFE is lost from your society because your RESPECT for FAMILY is lost.

Only in FAMILY, Life on Mother Earth is born and renewed.

Only a man and a woman or a woman and a man can give birth to a new Life on Mother Earth.

They are neither two men nor two women.

Human beings - two men or two women, if they freely choose to do so, they can experience such an experience in their lives. It is their free decision and it is their right.

But they have no right to bring up a new Life, because neither two men nor two women are able to give birth to a new life.

And this is the difference you have misunderstood because you do not see the objective truth of the sacred principles of the Incarnation and birth of Life on Mother Earth, and you have accepted the false image and illusion of fear that it created and presented it to you as objective truth.

Children who are brought up in these partnerships, because it is not a family, will not understand what the word FAMILY means.

And if you allow it, the whole society will no longer understand the meaning of the word FAMILY.

It is this manipulation that fear wants to achieve in your society.

This is fears intention.

Because when you stop understanding the meaning of the word PARENT, you become more manipulable again.

And fear can create more pain in your hearts.

FAMILY is a BLOOD BOND BETWEEN THE MOTHER, FATHER, and CHILD.

FAMILY is the strongest bond of LOVE on Mother Earth that YOU as human beings can create.

It is very important that you become aware of this bond of Love and feel it very deeply within yourself and return your respect to FAMILY to your society.

It is the cornerstone of Life on Mother Earth for you as human beings.

And so it is, and so it has been since the beginning of the ages, and so it will be forever, for it is the Cosmic Law of LOVE that operates on Mother Earth.

And YOU can walk your Life in accordance with this cosmic law of love, but you can also choose as a society to walk against this Cosmic Law because you have free will, but at that time you will create an enormous pain within you that you will transmit from generation to generations for a long time.

Be aware of the manipulation of fear it has brought to your society.

It is very hidden because it refers precisely to what is most dear to you all.

And that is FREEDOM.

Fear refers to the free right of the human being, and YOU do not see that through this manipulation, it will then take away your FREEDOM.

Fear uses tools such as criticising comparing, judging and condemning that both parties create between themselves.

One side criticizes the family and the other side criticizes partnerships, and so fear creates great pressure, tension, misunderstanding, accusation and conflicts in your society, on purpose.

And it is done this way so that you do not see the essence of this manipulation, the false image that has been presented to you.

And you as a society really don't see it.

And it is applied that at a certain point, when enough energy is generated, there is a turning point and a change comes when you as a society choose one side or another.

And I'm telling you this so you can realize it.

And in order not to do so, it is necessary that you return the RESPECT to FAMILY, and that you return the sacred Respect to the birth of Life on Mother Earth in Love to your society.

And the sacred principle is the FAMILY.

It is the blood bond of Love between mother, father and child.

And so it is, so it has always been and so it will always be on Mother Earth.

And remember that.

Amen.
