

## POWER OF FEAR – Part 2.

It is not in my power to change your decision. It is a gift that was given to you at your birth. I have promised you that NEVER, NEVER, NEVER under any circumstances, will I withhold this gift. Therefore, you always have to decide for yourself.

It is up to you how you decide after your return home.

It is up to you whether you decide to go back to this planet, decide to stay at home, or decide to incarnate in another dimension.

You always have free will.

So if you want to change something, it's up to you.

This gift I have given you is a manifestation of my unconditional, infinite and absolute Love to all the beings I have created. It's, the biggest thing I could give you.

**There is no greater gift throughout the Universe than that of free will, free decision.**

You currently don't understand the power and depth of this gift. You would understand it only if I took this gift from you. But it's not possible. Therefore, I ask you and plead to try to understand the infiniteness of this gift. Therefore, I do not interfere with your decisions.

I myself, leave you absolute freedom. I can't break my own laws. Feel the depth and power of what has been given to you and use your gift to learn how to create your lives in Love and with Love. It is a great gift that I have given you.

Try to begin to realize the depth of this gift.

*I began to feel the pain of my soul, and I spoke very hard and quiet.*

In many lives, they have taken your free decision. In many lives, you have taken your free decision. From these lives, your souls carry the greatest pain that you have been carrying for ages. This pain affects your feelings, emotions in all your lives, whether you choose to be born here on Earth or in another dimension.

It is the pain of the soul that is unimaginably great because free will is the fundamental right of the soul. It is an inseparable, indivisible and integral part of soul. The pain of the soul is healed by understanding, deep knowledge of the effects of unconditional Love.

**The instrument of this UNCONDITIONAL LOVE, IS FORGIVENESS AT LEVEL OF SOUL - a deep, unconditional, infinite and completely liberating forgiveness, in which all soul pain dissolve and vanish.**

Every soul desires that you can dissolve these pains in this unconditional forgiveness. To do this as human beings, you need to accept this knowledge. You need to accept understanding again. You need to understand this knowledge to become your integral part. All this knowledge has been taken away from you by fear. That is why fear so strongly affects human beings, therefore fear can

constrain, manipulate and control them. There are very few human beings who can perceive how fear acts and manipulates all mankind, all human society.

I teach you how to feel fear. I show you how to perceive what causes fear in human beings. I teach you to perceive the power of Love, helping you to accept Love as a part of you so that you can show people in Love how Love does wonders. I teach you to fulfil the mission with which you came to Mother Earth. I need you to show people how Love works to teach other human beings the knowledge I give you.

This mission and action of yours is in accordance with our mutual agreement. You have asked me to give you this help because it is extremely difficult for human beings to understand how fear manipulates. In your previous incarnations, you tried to do so, but the manipulation of fear was so strong that you couldn't grasp that mission to be part of you. That's why you asked me before you were born to help you and I help you with infinite Love.

I see how you gradually accept this knowledge, how you gradually realize how fear affects mankind. I see your eyes open, I see you ignoring the false illusion that fear created. You need to start teaching other people to understand, how they are manipulated, to understand how fear controls them.

**Only when mankind understands and receives knowledge, it can change it.**

**You can't change what you don't understand.**

**Therefore, it is important to first understand how fear manipulates and controls. If mankind accepts this knowledge, it can change everything by the power of its Inner Love, which is deeply hidden within them. Thus mankind will return to its essence and it can return to Love, it can return to Life again. To Life in Love and with Love.**

**And mankind can bring back equality again to all beings on Earth. Thus, human beings will once again create the original harmony of being created on Earth. To be able to return it, they first need to return the harmony of being to themselves. It's about self-perception. It is about the perception of close ones and of all human beings. Human beings themselves need to realize that they are all equal.**

This is a long way because it is important to remove the hierarchy in human society first. Human society must realize equality within itself. Only when human society accepts this equality within itself, it can return the equality of other beings living on Mother Earth.

This knowledge is very important to realize the way that is ahead of mankind, to realize and understand what caused fear by closing human hearts. Try to perceive the great silence that fear has brought into the life of planet Earth by closing human hearts. Feel what the silence has caused. It made human beings no longer hear other beings that inhabit Mother Earth. Human beings do not hear what trees, flowers, animals tell them. They do not hear what the stones say, they do not hear what Mother Earth says, and of course, they do not hear what other human beings tell them, and often they do not hear themselves.

This created fear when it closed their hearts. In this silence, human beings swim, and as they can not hear they have become unaware. Much of their original knowledge was lost. The silence that exists in communication between beings here on Earth also exists in the Universe.

This is what fear's action creates and so notice it, and thus you can perceive that what is down is also up. And what's small is big. It will help you in your deeper perception of the knowledge I am giving you.

I was flying in the Universe, but I didn't feel anything.

**Question: Can you go where you want?**

**Answer:** It is possible because it depends on my free will. Despite this fact, I still have a very strange feeling in me. I cannot express it in human words, only in comparison to the images I have already experienced.

When I was flying from star to star before, I had a sense of unconditional Love, a sense of infinite safety, a sense of limitless confidence. Where I am moving now the space is infinitely large, but there is absolute silence in it. I can go wherever I want, but wherever I come there is NOTHING and SILENCE. There is no joy, happiness, life and movement like on star where I landed and gave it my Love. I can only express it in this way by comparing different situations.

It's a strange feeling of nothing. I have freedom, freedom, but wherever I come, there is nothing and silence. It swallows me so that when it holds me, I can't leave.

**It's a false sense of freedom. It created a false illusion - the feeling that I am free but it is not real, it is not what Love gives me - there is no feeling of joy, happiness, devotion and trust.**

This is the false illusion of freedom that fear has created for us.

It is a false illusion of what we live in. We think we are free, but we are not really. From this space, where I can move wherever I want and where there is nothing, fear will not allow me to go away. And this is its manipulation. I really want to get out of here, but I don't know how.

It is important to realize how fear has created a false illusion of freedom, that has done one more thing and thus fear can use it to control us. When we come to realise this knowledge and understanding, we will be free and released. By saying it and naming it, I have already understood that it is a false illusion. It can happen that if we want to get away from the world of false illusions, **WE WILL START FIGHTING, for this is the first reaction of our logic and ego** and then fear uses this to control and manipulate us.

Fear has purposely taken advantage of our logic and ego for its sake.

**If we start to fight in this process, it will happen that the energy of the fight is entirely given to fear. The fear will gain even more power to bind us more strongly to the false world of illusions.**

It is extremely important to understand that every fight gives all its energy to fear. It is 100 per cent (100%) of the energy that we pass on to fear. Fear has invented and planned it to strengthen and nourish itself. Even if, human beings are so far away in their knowledge that they can understand how fear manipulates and controls them, by starting to fight, they will pass on all their energy to fear, thus further imprisoning themselves in fear. It is the way fear feeds itself. At this moment of understanding this knowledge, it is extremely important that human beings realize the need to stop fighting. It is important that in the moment of understanding this knowledge, people unlock their hearts, which are filled with unconditional Love and fear will dissolve in this Love.

**Where Love is, there will be no room for fear. Fear dissolves in Love.**

**Often times, mankind has reached this point of understanding, but it has failed to understand the way fear feeds itself. And that is why society was still fighting and keeps on fighting.**

**If you stop fighting, you will overcome fear.**

**You decide for LIFE. Thus you will save LIFE.**
