

HUMILIATION – Part 2.

And this happened to you as a mankind in a civilization that built pyramids in the territory of today's Bosnia and Herzegovina. I explained to you the pain that you created in yourself a long time ago in the message „Pain in human hearts,, 1.part: <https://posolstvalasky.sk/?p=1254>, 2. part : <https://posolstvalasky.sk/?p=1263> , 3.part : <https://posolstvalasky.sk/?p=1265>, 4.part : <https://posolstvalasky.sk/?p=1267>, 5.part : <https://posolstvalasky.sk/?p=1269> .

This pain was incredibly great and it was this immense pain that you passed through the memory of your cells from generation to generation through DNA.

The change came very slowly and tenderly just like Love works, there was a change in the perception of human beings, a change in their knowledge and experience and so again Love changed human hearts so that they could shine again with the LIGHT OF LOVE.

You had to go through the extremely long journey that lasted 80,000 years before you came to this point again that as CONSCIOUS BEINGS you could accept your RESPONSIBILITY and lift all the curses and spells that you had created with your pain in Bosnia in those ancient time.

The extraterrestrial civilization that came at that time, brought to Mother Earth, not only superiority and hierarchy of power but also sexual manipulation which created the immense **HUMILIATION** of the human being as such and I mean humiliation not only of women but also of men.

Because the word „prostitution,, does not only mean that a human being sells his/her body but also that he/she sells his/her honour, his/her beliefs and principles, sells himself/herself as a human being.

And all of this was created by Humiliation.

And that's why there is so much cruelty on Mother Earth.

Now see where in your society human beings are humiliated and how they are sold.

And the consequence of cruelty, its energetical consequence is the WAR in your material human world.

Cruelty itself always results in WAR.

And thus the fear closed the circle again.

And it is a circle in which fear immensely supports itself and anchors itself as such on Mother Earth.

Fear, which is created by cruelty, it has been on Mother Earth for a very long time amongst human beings.

This fear which is created by cruelty, becomes then part of the collective human consciousness and therefore it takes you such a long time to dissolve it in Compassionate Love by forgiving yourself and others.

(Wonderful energy came and I felt it in my whole body)

Only through FORGIVENESS will you heal the tremendous pain that closed your hearts in front of LOVE and turned them into stone.

There is no force in the Universe other than LOVE that can help you heal this pain.

Therefore, I will repeat to you that it is very important that you learn to accept every human being in his uniqueness and stop creating in society the uniformity of what a human being should look like, how he should act, decide, talk and think.

Because this uniformity suppresses the UNIQUENESS of every human being and AUTOMATICALLY !!!! it will begin to create HUMILIATION and REJECTION in your society of those human beings who do not fit into this uniformity.

Therefore, it is very important that TOLERANCE is part of you.

And it is TOLERANCE not only towards others but especially towards YOURSELF so that you first learn to perceive your own uniqueness so that you can then perceive and accept the uniqueness of other human beings.

And will be achieved when Love, Compassion, Kindness, Understanding, Tolerance, Compassionate Love are all part of your society and all these are the qualities of Love that you learn as little children in the FAMILY and they are part of the MOTHERS LOVE which vibration you take into you together with breast milk.

That's why the FAMILY in your society is so important.

Therefore it is so important for Mothers to BREASTFEED their babies because breast milk does not only have the nutritional value for the development of the baby's physical body but BREAST MILK has an extremely high vibration of LOVE which contains all these qualities of LOVE and every baby receives with BREAST MILK into its energy field the LOVE OF MOTHER and for every child, therefore, BREAST MILK, as well as LOVE OF MOTHER, is irreplaceable.

It represents the foundation that a child receives in the first months of life, through breast milk from its mother.

These are the energies that become part of its energy field – of the child, and as an adult human being, he can then draw on them throughout his life but also as a being in his infinite development. These energies help him at the subconscious level to dissolve not only the pain that as a child was created by humiliation often caused by their parents.

If this energy protection was not given to the child and was not part of its energy field on the subconscious level, it would not be able to accept and dissolve the humiliation that his parents or other children unknowingly created and then he becomes extremely cruel being in early childhood.

Therefore, the role of FAMILY and MOTHER in the development of every single human being is irreplaceable.

It is extremely important that this Knowledge remains part of your society so that it remains in the collective human consciousness because if you stop HONOURING THE FAMILY, you will cease to understand the role of the MOTHER for child development, not only physically but also spiritually and

your society will derail from the path of LOVE that you are still following and will embark on a journey of fear and hatred and become extremely cruel and again the law of „an eye for eye, tooth for tooth,, would apply and such a society can not FORGIVE.

And this is another closed circle.

And now realize how many people in your company are trying to degrade FAMILY as such.

Know that the FAMILY is not here to provide only the material well-being and physical development of children but also the FAMILY is there because it creates the protection of spiritual development of the child, that is, of every human being born on Mother Earth.

Because only in FAMILY can an UNCONDITIONAL MATERNAL LOVE be given to a child.

As long as you preserve this cornerstone, that is the FAMILY as such, to restore life on Mother Earth, LOVE will dwell on Mother Earth and at the same time, fear and cruelty will not grow in your society.

And this is a closed circle.

FAMILY GIVES LOVE.

Where there is no FAMILY, fear and cruelty are born in the human being.

And this is another closed circle.

If human beings lose HUMILITY and RESPECT FOR LIFE itself, human society ceases to respect and honour the FAMILY as such.

FAMILY IS THE BASIS OF LIFE ON THE MOTHER EARTH.

Therefore, if you lose your Humility and Respect for Life, the pride, superiority and arrogance will take away the FAMILY in which this LIFE is born and renewed in LOVE.

And this is a closed circle.

So I'll tell you in other words.

If, RESPECT and HUMILITY comes back to you, you will again appreciate the FAMILY because you will understand its importance for the restoration of LIFE on Mother Earth in LOVE.

Life on Mother Earth was created from deep, pure and boundless Love.

It was created in such a way that the harmony of being in Love, with Love and for Love is created and constantly renewed so that Love nourishes, restores and supports itself, encourages itself to grow and strengthen.

LOVE in that RESPECT, HUMILITY and HARMONY creates a circle that has no beginning or end.

And so it is. Amen.
