

HUMILITY and ATTACHMENT – part 2.

Those other human beings who are not chained to a stone ball and stand aside see what lies behind that stone ball. Many of them decide that they want to get it all for themselves and just because that human being who is attached to a stone ball, that cannot see it and is blinded by this attachment, he is very easy to be controlled and manipulated. So through the manipulation that you allowed to grow in your society, you are being manipulated.

Since you are blinded by this Attachment, you are very easily manipulated by any human being who sees what is hidden behind that stone ball and who wants to have it all for himself.

The easiest way to manipulate a human being is to start massaging his ego that created that Attachment.

And that is possible by servility, sweet-talking, fake praise, false friendship, various services, bribery, and of course by sex.

And manipulation through sexual energy is one of the most powerful manipulations.

And that's why manipulation is so „overgrown,, within your entire society.

And that is why corruption, bribery, and favouritism have taken reside in your society.

And that's why you created the saying: „One hand washes the other hand,, „The shirt is nearer than the coat,, and „A bird in the hand is worth two in the bush ,, and many others because, in this way, all these human beings can usurp for themselves a larger share of the POWER that is hidden behind Attachment.

Since the human being that is attached to the stone ball cannot move or even turn around, he does not see at all that others are robbing and through various manipulations, they are taking the „imaginary power,, that is hidden behind the stone ball for themselves. And he doesn't see that someone else right „under his nose,, steals his wealth, takes his power and takes it all in his own hands.

And so it often happens that he will remain chained to the stone ball even if there is nothing behind that stone ball anymore, however, at the same time the human being has created an unimaginably great PRIDE for everything that is behind the stone ball even if there is nothing at all. And in this case, is this PRIDE FALSE.

And this human being is totally blinded by the attachment and false pride and does not see that there is nothing at all behind and that the other human beings, through manipulation, took everything that was hidden behind the stone ball.

And you have a fairytale „The Emperor's New Clothes,, which just describes this essence.

The Emperor did not see that he was naked and had „NOTHING,, to wear. He only has a false pride for the „NOTHING,, that hides behind that stone ball.

And all this was caused by his Attachment, which the emperor created in himself.

And it is Attachment not only to material things, property, or any form of matter but also to human beings as such and also to spiritual values and qualities.

This is because the boundary between HUMILITY and PRIDE is inconceivably thin.

And only when a human being has HUMILITY and COMPASSION, he does not create this Attachment.

And I have already explained to you that HUMILITY and COMPASSION are not automatically part of every human being but come as a GIFT and BLESSING when YOU do something in your life when you can not only understand but also live the Cosmic laws so that they become part of your life.

That is why for you, as human beings, it is so easy to create Attachment in your lives because the Knowledge of the Cosmic Laws is not part of you and therefore HUMILITY is not part of your life.

But it's nothing complicated.

It's very simple.

It is the MORAL PRINCIPLES that are unfortunately gradually disappearing from your society and their loss will cause a chain reaction. You are gradually losing your Moral Principles from your life, subsequently, your Attachment to anything grows because your HUMILITY and COMPASSION is lost from your life and on the other hand, your Superiority and Arrogance grow along with manipulation in the life of your entire society.

Manipulation is one of the easiest and most powerful tools of fear and of those human beings who want to control and manage other human beings.

Do you know what they use for this manipulation? I do not know.

The media. You are being manipulated through the media because you are easily fooled by what you see through physical sight.

If you can begin to see with your inner sight, that is, with your heart in which LOVE, COMPASSION and HUMILITY dwell, you could see through all the false images that are presented to you as objective truth.

It is the shortest way in the life of a human being you need to make because it is only 30 cm long but paradoxically it takes you the longest time in your life to make it.

It is the way from your HEAD to your HEART.

Your heart will never create this huge stone ball.

Your heart does not create an Attachment to anything.

Attachment is born and created only in your head.

If a human being, in any of his lives, creates a stone ball of Attachment, it takes him an extremely long time to gradually create additional loops on the chain with which the stone ball is tied to his leg so he can step back and look at his Attachment from above.

And of course, since your development can go up the spiral, it can go down as well.

The pendulum also moves on both sides.

Therefore, it could happen that instead of adding another loop of COMPASSION for yourself, on the contrary, through your anger, hatred, unforgiveness, and arrogance, you may also lose those loops and shorten that chain and thus you will tie yourself more to this stone ball of Attachment.

And the closer you stand to the stone ball, the shorter the chain, the less COMPASSION and MERCY you have in your heart. And YOU have no mercy

not only with other human beings but neither with yourself and you have only a great fear in you that the thing or the being hidden behind the stone ball would be lost, that someone would steal it or it would get smaller so much that you deny yourself benefiting from it.

And you do everything in your life to make the thing behind the stone ball become bigger and bigger and you don't see that it takes away all your freedom, joy and happiness in your life but it also takes you satisfaction and fulfilment in your life.

And whatever you do, you still feel you have little.

It doesn't matter what it is, whether power, wealth, property or sex.

It is the feeling of non-fulfilment because the satisfaction still does not come to you.

And when you get to this point in your life, fear will bring you another feeling, that you want something that is big and huge beyond that stone ball and that will create pride and dignity in you that it belongs to you. And you think, you can afford to lose it, it gets stolen from you or taken away from you by someone.

It may not be only property and power but also your own beauty, youth, seductiveness, irresistibility and that's why your society is obsessed with the physical beauty and youth because you are very easy to be manipulated and controlled and you do not see that you resist the natural passing of time of every human being and you have placed youth on the pedestal in life and created a great attachment to it so you cannot accept the gifts and beauty that come with time in life and many of you do not accept ageing and do not know how to age with dignity.

You can't enjoy the beauty of all stages in your human life and most of you dwelling too much on youth, the beauty of youth in your society that has placed it on the pedestal and because of that attachment not only as individuals but as society as a whole you can not see that time naturally cuts it off.

That is why you do not accept joy, happiness and fulfilment in those other stages of human life and you do not see that each of them is beautiful in a different way.

Each one brings you different gifts, different experiences and a different enrichment for your life.

And that's because you have allowed sexual manipulation to nest in your society which has gradually pushed out the sacred love between man and woman.

At the same time, sacred love between man and woman brings you a very deep mutual Trust, Appreciation, Respect through the Love that these human beings create.

And this is where the Cosmic law applies: both up, down, as in large so in small, inside and out, so what you create inside, then you mirror out into the whole society you live in and YOU, YOURSELF CANNOT create Appreciation, Respect and Trust in your relationships, in the most intimate relationships, nor there is a mutual Appreciation, Respect and Trust in your society too.

And as it is not among people, it is not between states and nations.

And as individuals can create the stone ball of Attachment in pride and superiority, you also create it in society, whether at the state or national level.

And just as an individual is proud of what he no longer has, so does it on a large scale, that is, in states and nations.
