

HUMILITY and PREDUJICE – Part 2.

It should be remembered that, in general, Fear created the Hierarchy of Power in human society by taking away EQUALITY, creating a great imbalance, inequality, injustice and it was this inequality and injustice that brought you ENSLAVEMENT, injustice, oppression, degradation, and the tremendous PAIN that has transcribed into your heart and memory of your cells.

It is this Pain that energetically, which is the paradox, helps your EGO to fight and act so violently, explosively without engaging your inner self and without listening to the voice of your soul.

And so you still rotate in the same circle.

Therefore it was necessary for Mother Earth that human beings who brought here the doctrine of LOVE and sacred EQUALITY between man and woman would come to earth because LOVE and sacred EQUALITY between man and woman bring also LOVE and EQUALITY to Mother Earth as such.

If there is no sacred LOVE and EQUALITY between man and woman there also cannot be any LOVE and EQUALITY on Mother Earth as such.

That is why these human beings have taught you at different times to see the essence of your action which was expressed by these words: If someone throws a stone at you, throw a loaf of bread to him. or if someone hits you on one cheek, offer the other one and know that it is not about the weakness of the human being but it expresses precisely that energetically it stops aggression of this action because it will no longer support the energy of the fight which only multiplies and anchors Fear on Mother Earth but especially in you, human beings and thus takes away your FREEDOM in your decisions, actions and deeds.

The energetic impact of depriving you of your FREEDOM in your decisions, actions or deeds, is inscribed in the PREJUDICES, in all prejudices and convictions that you have accepted as part of you.

All these prejudices and convictions hold within you the Fear of Death as such and YOU do not see that they have taken away your FREEDOM.

FREEDOM as such is your essence, just like LOVE is because FREEDOM has been given to your SOUL as its integral part at its birth and therefore is an integral part of every human being too.

Only when you dissolve Fear in yourself and allow yourself to act in a way other than those preconceptions and convictions command you, then you can return to your FREEDOM and DECIDE FREELY again in accordance with your SOUL.

And that horse is the FREEDOM that always comes to us in the form of an OPTION in every one of our incarnations and you can return to it.

This OPTION is given to you in every single life in which you are born and it always depends on that particular human being, whether he will accept that OPTION and take back his FREEDOM or he will stick to all prejudices that apply in society and thus he will not take that FREEDOM back.

And whether this happens depends on how the human being can dissolve the Fear in himself that through the ages of ENSLAVEMENT and UNLOVE has transcribed into his cells and into his heart, and if he dissolves the fear, he will return his FREEDOM in that particular life.

This is a closed circle.

And now I will go back to fear.

LOVE is the only energy in all Creation that can dissolve Fear.

The way in which the human being can transform the energies created by fear is FORGIVENESS.

And that's where we are back at the beginning.

This is the circle you are still in.

Energetically, it is actually a spiral in your being.

Just as you can spiral upward and then increase your vibrations as a human being by the action of Love, it may happen that you choose the opposite direction and start walking downwards and then reduce your vibrations by fear.

Until now, your actions have been subconscious because you generally did not take Responsibility for your actions in a broader context but by accepting the Knowledge that comes to you and show you the Cosmic Laws, your action becomes CONSCIOUS.

Therefore, it is very important that you start to accept this RESPONSIBILITY for your actions.

As a human being, you have the sacred right to create any emotion within you but it is already your Responsibility to make your Free Choice with what emotion you make your real-life decisions and deeds.

Here it is extremely important that your action will be filled with LOVE because what you decide and act upon, becomes a real part of your life and it is these energies that you live and experience.

And since the Law of Conservation of Energy applies, no energy you create is lost, exactly the same energies that you create will return to you and then you will live the consequences of your actions in real life.

FORGIVENESS is the instrument of LOVE that you as a human being received as a GIFT so that you can transform those low vibrations of fear into LOVE.

And I will tell you this again.

FORGIVENESS is the only tool in the Universe through which you can change the low energy of fear and transform it into the energy of LOVE.

Remember this.

Unfortunately, you still do not know how to Forgive.

You carry in your heart a great deal of unforgiveness, anger, hatred, hostility, indifference towards other human beings and at the same time, you do not take Responsibility for the consequences of these energies in your lives.

It is very important that you return to LOVE.

Both individuals and society as a whole.

And now I will return to the intentional propaganda that is being deliberately presented to you through mass communication, through many movies, series that are filming in large. Notice that these movies show very little the power of tenderness, kindness, humility, compassion, fairness, recognition, understanding and forgiveness.

On the contrary, the fight, revenge, intrigues, meanness, manipulation, greed, power, wealth, money are put to the forefront.

You may not realize it but all of this is deeply written into your subconsciousness, creating subconscious behavioural patterns that support your EGO for it resonates with the explosive, fighting, vengeful side of your ego as well as slogans: An eye for an eye and a tooth for a tooth or who does not steal, he robs his family etc. and all of this promotes greed, insincerity, indifference, envy, and of course corruption, injustice, imbalance and inequality in your society.

And this is a closed circle in which fear supports itself.

These movies intentionally, do not teach you to act out of Love, from the deep within- that is, from the heart but teach you to act out of the ego, out of fear. They teach you to fight to support the fight in yourself and create pain in you and to do the same in your society both inside and out.

Fear has achieved this as a consequence of the Cosmic Law : Both up and down, as in large so in small, both inside and outside.

One possible solution is to consciously stop watching these movies and series that deliberately get fight, non-acceptance, hostility and revenge into your subconscious as this is the **prejudice** of how you, as a human being, should act against other human beings.

It is a preconception that fear has deliberately put into the human collective consciousness because, by this constant fight and the established way of human behaviour, the fear anchors itself to Mother Earth.

The consequence of all this is immense greed, mammon and corruption, which has outgrown the whole society because it has lost morality.
