

## **HUMILITY and PREDUJICE – Part 5.**

In this procedure, which I explain to you by an example, you as a human being were not sincere with yourself but not because you were doing it consciously or deliberately because it is a subconscious manifestation that is part of your subconscious level and is created as a behaviour pattern that was inscribed in you as a result of the energies you have often experienced in your past lives. And you mistakenly thought that what you are creating is for your own protection however you have not seen that it is working against you.

Then you cannot accept the consequences of your actions towards the other human being and put yourself in the role of a victim in which, in your superiority and pride of the victim, you condemn the other human being and create even greater hatred and unforgiveness towards him.

**Now is the time to change this subconscious program in yourself by taking RESPONSIBILITY for the energies you create in your thoughts on the other human being.**

**And then there is another change.**

**If you can accept this RESPONSIBILITY for your thoughts in a broader context, symbolically or imaginatively you take away that „wind out of your Ego's sails,, i.e., you take away the speed at which the ego is acting because the speed of your thoughts is unimaginably faster than the actions of your ego.**

**Then you stop acting from the position of your ego and thus allow yourself to connect with your soul and act from the level of the HEART, i.e. from the level of LOVE.**

**The fact that most human beings in your society act from the level of their ego is due to not accepting the RESPONSIBILITY for the energetic level of their THOUGHTS.**

**By accepting this RESPONSIBILITY in a broader context just through RESPONSIBILITY, an enormous energy of COMPASSION and COMPASSIONATE LOVE come to you as a GIFT, as a BLESSING, that will then allow you to FORGIVE UNCONDITIONALLY at the level of the LOVE of your SOUL, of your HEART that has opened up completely to the COMPASSION and vibrated out itself with the energy of COMPASSIONATE LOVE. And then you stop acting from the level of your ego and fear.**

**And this is a closed circle.**

If in one of your past lives you were unable to create the same energy line of your thoughts, words, decisions, deeds, feelings and emotions in relation to the other human being then you could never FORGIVE him WITHOUT CONDITIONS.

You have always created different conditions and expectations that the approach of the other human being towards you will change after the FORGIVENESS, in other words, that he will change his behaviour towards you.

So you have always created RESISTANCE in relation to the other human being despite the FORGIVENESS you gave him because your FORGIVENESS has never been unconditional.

**UNCONDITIONAL FORGIVENESS** means that you can **ACCEPT** the other human being as he is with **FORGIVENESS** without expecting any change in his behaviour towards you.

The energy of **UNCONDITIONAL FORGIVENESS**, as well as the energy of **UNCONDITIONAL ACCEPTANCE**, can heal every human being and on his subconscious level, dissolve all the negative energies that he has created towards the other human being.

**And this is a Cosmic law of LOVE.**

**It is a gift of UNCONDITIONAL FORGIVENESS.**

If you are able to **FORGIVE WITHOUT CONDITIONS**, you also dissolve the negative energies that the other human being has created for you and so all the negative energies will be transformed by this **UNCONDITIONALITY** into the energy of **LOVE**.

If you can do it in any of your lives, no matter what energy the other human being has created, creates and continues to create in relation to you, this **UNCONDITIONAL FORGIVENESS** will transform all those negative energies into **LOVE** regardless of whether the other human being will work with them or not and so they will no longer be transferred to the next life as hatred, envy, jealousy, meanness, vengeance or resentment towards you.

**This is the gift of UNCONDITIONAL FORGIVENESS.**

This is what you are learning in this matter as a human being here on Mother Earth.

You can create **UNCONDITIONAL FORGIVENESS** in relation to the other human being in your heart only if all the energies on all the energy levels in which you create your thoughts, words, decisions, deeds, feelings and emotions, if you create them in accordance with the energy of **LOVE**.

**And this is a closed circle.**

If you do not have it in yourself, you cannot **FORGIVE WITHOUT CONDITIONS**.

The same applies to **UNCONDITIONAL ACCEPTANCE**.

Because the woman as such is more filled with **LOVE** because she is predestined to become a mother, she has encoded this **UNCONDITIONALITY** within her precisely through the essence of **LIFE** that is transmitted in the bloodline through her blood bond onto her children.

Thus, many times through this blood bond in the Mother and Child relationship through **UNCONDITIONAL LOVE** and **UNCONDITIONAL ACCEPTANCE** many negative energies that are stored on the subconscious levels inherited from a past life, are being healed because a mother can create this **UNCONDITIONAL FORGIVENESS** in her heart in relation to her children.

**If, in this bloodline in the relationship between mother and children this UNCONDITIONAL LOVE and UNCONDITIONAL ACCEPTANCE can be maintained throughout their lives, they transform all the negative energies they have created towards each other in past lives into the energy of LOVE without being aware of it.**

And this also dissolves the many curses and spells that these human beings have placed upon each other.

If, however, in that life the beings in the bloodline fail to keep the unconditional love and unconditional acceptance to each other and create some anger, hatred or alienation, then those negative energies will multiply and they will pass it on to their next lives.

**And so it is important to realize that you can change your lives by taking RESPONSIBILITY for the energies you create and when you receive a GIFT in a form of COMPASSION then through FORGIVENESS you transform all the negative energies you have created and transform them into LOVE energy so that LOVE becomes a part of your life and being so you allow yourself to live and experience that LOVE in your life.**

## **And this is a Cosmic law of LOVE.**

**And so it has always been on Mother Earth, is and always will be. Amen.**

And now it's up to you and yourself to be aware of it and take Responsibility for the thoughts you create towards the other human being and to be honest not only with yourself but also with the other human being so it could change energetically between you.

And you can decide in any way but it is important that you also realize your Responsibility in that process because it is not just the other human being that creates with the energy of anger, hatred, envy and indifference towards you but of course in this process, YOU have also the sacred right to create and you are its co-creator.

This is what you could not realize and you could not see in your previous lives.

And one more thing is important to realize that it does not matter what colour the horse has whether it is white, brown, chestnut or black because the essence is not in the colour but in that horse.

The horse is the FREEDOM and it's not the dress, it's colour.

Be aware that the same applies to the PRIDE because pride can dress in any dress but no matter what the dress is, it is always PRIDE.

Therefore, even the horse can have any colour but it is always a horse.

And the clothes are not important but the essence inside them is.

And this applies equally to you - human beings.

It does not matter what mask you put on and whatever dress you wear, what matters inside is important.

Changing the colour of the approaching horse was just symbolical picture so you could understand it because the packaging wasn't important but what was inside was important.

But YOU in your society have stopped putting emphasis on what's in inside and you only focused on that packaging and that's why the outer packaging or what's superficial became important to you, giving you room to grow the pretence, falsity and insincerity in your society.

This is important to understand from the image that was shown to you at the beginning.
