

LAW OF CONSERVATION OF ENERGY – Part 1.

In a way, the Law of Conservation of Energy was explained in the Law of Knowledge because everything is interconnected, linked and intertwined and everything is connected to everything. Just as I explained to you that when souls return Home and all Knowledge becomes part of them, they can Forgive themselves and each other and at the same time the Knowledge they have brought is still part of them.

Just as I explained that souls want to incarnate on Mother Earth as human beings, so that they can experience patience in Life by realizing themselves, their essence, that they are Love and that they can act and Forgive with Love. It is precisely the emotion of guilt and unforgiveness that they have created and lived in those previous lives and now they want to dissolve it in Love and Forgiveness. Every ENERGY we create as an emotion, a feeling, a thought, a word, a decision, a deed becomes a part of us until we can CONSCIOUSLY understand that these energies dissolve, heal and cure in Love and Forgiveness.

The energy came to me that brought the wonderful energy of Love in which I was drifted away and got lost.

LOVE, THE ONLY LOVE, IS THE MOST POWERFUL ENERGY THROUGHOUT THE UNIVERSE THAT CAN HEAL AND CURE ALL OTHER ENERGIES THAT YOU CREATE AND WHICH CAUSE YOU PAIN IN YOUR HEART, SOUL AND IN ENTIRE BEING.

ALL THE ENERGIES YOU CREATE AND WHICH REMAIN PART OF YOUR LIVES EVEN AFTER THE DEATH OF A PHYSICAL BODY, UNTIL YOU CAN HEAL THEM WITH LOVE, ALL THESE ENERGIES, YOU CAN HEAL THANKS TO THE TOOL OF LOVE THAT I HAVE GIVEN YOU.

THE TOOL WITH WHICH YOU CAN HEAL AND TREAT ALL THESE ENERGIES IS FORGIVENESS, BORDERLESS, ABSOLUTE, UNCONDITIONAL AND INFINITE, IN WHICH ALL THE HEARTACHE AND SOUL PAIN IS DISSOLVED.

If you create any energy during your life that will create pain in your heart as a human being and you already know that it can be anger, envy, rage, resentment, bitterness, hatred, unforgiveness, but also injustice, humiliation, failure, non-acceptance, rejection, refusal, unworthiness, doubt, any guilt, all these feelings, which, in any way create pain in the human heart, so these feelings remain part of your soul.

The Law of Conservation of Energy means that ONLY YOU have the POWER to heal these energies, feelings and emotions that you have created. No one else, ONLY YOU, CAN CHANGE the energies you have created.

It is important for you to realize this and at the same time to understand the fact that when you created energy in one of your lives and then took it with you to the next life, you bring that energy into the next life and it is deeply stored in your subconscious level. This energy influences your thoughts, words, decisions, actions from subconscious level and so it may happen that instead of dissolving and healing these energies in Love and Unconditional Forgiveness you strengthen these energies even more. This energy then increases even more and grows until you can materialize

it again in your life. You will experience and feel the emotions of this energy again and if you do not find Love and Compassion in your heart to be able to heal, cure and dissolve it in Forgiveness, you will only increase it. If your physical body dies, you will return Home with this energy and it is much greater than it was before your incarnation.

Question: Does the soul then have to incarnate with even greater pain?

Answer: Whether you return with this energy and whether you decide to be born at all depends on the free choice of your soul. When the soul freely decides that it wants to incarnate and wants to heal and cure this energy, all the Cosmic Laws apply. Soul comes to Earth with the energy of this Emotion and is incarnated as a human being. The energy of this Emotion works from subconscious levels and affects the human being It's up to her/him if she/he turns it into the energy of Love and Forgiveness - it's up to her/him.

That is why I give you all these Knowledge about how you create pain in your heart, how to heal and cure it and how fear manipulates and controls you to keep you in the circle of your pains and thus to strengthen itself.

I give you all the Knowledge so that you can see and perceive how fear manipulates you, to see the falsity of the game it is playing with you and to realize that you are not acting like this naturally, you are not acting freely but you are acting only to the extent which fear allows you and that you play its fake games.

It is because fear has taken away from you the Knowledge that has been a part of you and is still a part of your souls, you act as human beings subconsciously, you act from a position of fear, not Love and precisely because you act as fear allows you, you are creating more and more and more pain in the heart.

You need to understand very deeply that everything is connected to everything, everything is very deeply connected, linked and intertwined. Every action of an individual is not only his action, but it is also a hearing of the pleading of other souls so that other souls can understand and experience something and that it is extremely, immensely important that the FORGIVENESS, the very deep FORGIVENESS that comes from your hearts will become a part of human beings, an inseparable, indivisible and integral part of you. Only then you can act based on your essence which is LOVE. If FORGIVENESS becomes your part, an inseparable, indivisible and integral part, you will cease to act according to the rules of the false game of fear.

This is because if Forgiveness becomes part of you and I emphasize the indivisible, inseparable, and integral part of you, you will stop creating pain in your heart and you will stop fighting and supporting fear. It's all really very deeply connected and intertwined. You need to see, perceive and feel how the Cosmic Laws work: the Law of Free Will, the Law of Cause and Effect, the Law of resonance, the Law of Conservation of Energy, the Law both up and down, as in large so in small, both inside and out, Law of Knowledge, Law of Equality, the Law of Similarity, the Law of Mirroring, the Law of Love and the Law of Creation, so that you can understand and transmit the images that happen to you in your life so that you can understand them from the perspective of the Universe, microcosm, society and your cells that are part of your physical bodies.

Last time I showed you how Mother Earth and the Universe see you, as human beings, that it is the image of how stars are born in the Universe and how YOU human beings give birth to children, the Law applies here both up and down, as in large so in small, both inside and out.

Everything is alive and in everything there is LIFE.

If YOU do not see it as human beings in the given process, it does not mean that LIFE does not exist there. Of course, the Law of Conservation of Energy works not only for you human beings and souls but it also works throughout the Universe, as well as in your actions on Mother Earth. It is important and necessary that you begin to look at your actions on Mother Earth from this perspective.

Now try to think and look into your heart. Will you find there, enough Compassion and Love to give Forgiveness to yourself and all human beings for what you do to Mother Earth as human beings?

The manipulation of fear and pride has blinded human beings, who, in their pride, think they have the power and the right to harm and exploit Mother Earth.

It's another level of yourself. If you find Compassion and Love in your heart to be able to unconditionally forgive all these human beings, you will not create a feeling of pain in your heart but will be filled with a deep sense of understanding, knowledge, compassion and mercy for these human beings. In this way, you can heal this feeling of pain and guilt in Love through Forgiveness. Do you feel it?

If you would not find enough compassion and understanding in your heart which is created by pure unconditional Love, you would not be able to give these human beings unconditional forgiveness. You will create a feeling of anger towards them which will result in unforgiveness, hatred, and ultimately you will create a sense of guilt, not only towards them but also towards yourself, that you have not been able to change it. This pain will remain and last in your heart until you can forgive yourself all and unconditionally. This requires Love, a lot of Love.

Mother Earth is also a living being. Mother Earth can stop the actions of these human beings if she wants to but she, herself gives them the opportunity to understand their actions, to realize the wrongness, selfishness, ruthlessness, and arrogance of their actions and to correct it themselves. So that they can give Forgiveness to themselves and at the same time so that they can fix everything they have done. Again, this is because everything is connected to everything, everything is interconnected, linked and intertwined. Nothing ever happens by chance.

Each of you, every human being, every one of nature's beings and every one of the cosmic beings - Mother Earth, planets, suns, solar systems, galaxies, all of you act for yourself but also in cooperation with others and for others.

It is also related to the Law of Knowledge because YOU, yourself, want to know and experience something, however, the OTHERS also want to know and experience something. That is why you always act in mutual cooperation and also for yourself. And so it is. Because only in this way you get to know and experience what is related to the Law of Knowledge.

(The energy of Love and deep Compassion that felt like warmth in my heart, came to me.)

And thus you can also get to know how you can experience them and how you get to know yourself, your essence, I gave you the tool which is FORGIVENESS.

FORGIVENESS is an inseparable, indivisible and integral part of LOVE. If you do not know how to Forgive, you do not understand and do not comprehend the word LOVE. This is an extremely important Knowledge.

IF YOU CAN'T FORGIVE, YOU DON'T KNOW WHAT LOVE IS.
